## President's Message

Another year has swept by and I have had much to think about with concern and appreciation. I have had the pleasure to work with so many hard working and capable friends who show they care and are so generous with their time. We lost our good friend Shane Chung quite unexpectedly; his death touched me deeply as we were fishing buddies on a couple trips each year. His passing left the club in need of a shift. I want to thank Doug Jones who immediately stepped up to the First V.P. and Jim Edwards as Second V.P. position, they are both past president's with a wonderful knowledge of club workings so there will be no hiccups in the club's operations. Thank you Melinda Burns as Membership chair and past president and then Richard Fanning for taking on the newsletter to get our news spread to our members and the fishing community. I thank Cheryl Moore for her active role on the board, taking on the fly tying clinic's that have many in the club improving their skills. Charlene Hanson has been a fixture on the board for more years than she would let me tell you, thank you as always for your dedicated service. Lyman Kennedy has taken on the role as outings chair with great enthusiasm and inspires members to join in on outings, Thank you Lyman. John Burns has represented us as

conservation chair which he has done quite well for a few years now, Thank you. James Wright is as steady and conscientious as they come; he manages to get it done always, projector, screen, sound system so we all can enjoy the program speakers, Thank you. Andy Frumento is committed to showing us the best of speakers with an involvement in the consortium and negotiating with our location manager, again thank you very much. Denis Higginson has shared and given the board leadership, he will be our second V.P. next year, thank you. Victor Raphael keeps our website up-to-date and the world informed as to our being, thank you. Alan Ross Secretary keeps the minutes for the board meeting and shares good advice, thank you Alan. I haven't forgotten Brian Mayer, he keeps some fine books, and I think he missed his calling as an accountant, thank you very much.

Groups like the above mentioned board members just don't happen; they come from many different backgrounds which give the breadth this clubs needs, the diversity of ideas, they share them in our board meetings which allow us to make good decisions to lead this club forward and be successful, many thanks to all of you.

All the best,  
John Williams

**2015 Board of Directors Elected**

*By Doug Jones*

The 2015 FFCOC Board of Directors was elected during the November 12, 2014, general membership meeting. The 2015 Board composition is Doug Jones, President, John Williams, Past President, Jim Edwards First Vice President, Denis Higginson, Second Vice President, Alan Ross, Secretary, Brian Mayer, Treasurer, and Richard Fanning, Andy Frumento, Melinda Burns, Jim Wright, John Burns, Lyman Kennedy, Victor Raphael, Charlene Hanson and Vern Martin as At-Large Members.

All of the Board Members serve important roles in the functioning of the FFCOC. Many of the Board members have served the Club for many years contributing to our ongoing success. Please join me in thanking the 2015 Board Members in advance for their commitment to the FFCOC.

## This Month's Meetings

### **“WHY SOUTHERN UTAH”**

John Williams

Most of us have a special place that we like to fly-fish, explore and relax... but is that special place really so special anymore? Is the fishing as good as it was five years ago? Do you find yourself having a tough time trying to access that special section of the river or stream? Do you have to be on the water at 6:00 a.m. to secure a spot or wait in line at the gate to get on that special lake? Well do I have a solution for you.... it is called Southern Utah.

Southern Utah is a beautiful and diverse place to fish, explore and relax. It is the home of Capitol Reef and Bryce Canyon National Parks. The sandstone formations, towering arches, ancient writings, and a valley of red rock cathedrals is a great place to visit.

Have you ever caught a Tiger Trout, Splake or Grayling? All of these species can be caught along with Rainbows, Browns, Cutthroat and Brook Trout in Southern Utah. You can camp, stay in comfortable hotels, cozy cabins, or be pampered in outstanding lodges.

Our guest speaker this month is our own Mr. FFCOC, John Williams. This is what John has to say about Southern Utah and some information regarding his program.

“Many years ago I felt the best fishing was in Montana, Idaho, and Wyoming, 16 to 24 hours away. I had access to a private ranch in Wyoming where the fishing was spectacular, but bad management, overfishing with the intent to kill, and poaching put an end to that. In 1994, while I was the outgoing chair, Chris Menadier approached me and told of Southern Utah in such a fantastic manner that I found it too good to be true and blew him off. Several years later – around 2004 – Jim Edwards and John Secor talked me into a look-see trip to Beaver, Utah where we had a great time catching Rainbows and Browns in Beaver and Minaret Creeks. The hook was inserted in my mouth, but a trip to Circleville and Loa, Utah set the hook and the barb is still in me. I have found a location I want to return to year after year. This is nine plus hours away with little pressure and a wide variety of fish to be had. I have spent the past ten years getting to know the locals, lodging locations, where the good food is, and developing great relationships with three of the prime guides in the area. Who could ask for more? I don’t mind sharing this information because there is so much fishable water and different locations the guide has to offer, and it is rare to see another fisherman. My focus is to give you an overview of what is available and get you drooling for more. I enjoy sharing with my friends, and you will see many familiar faces.”

Please join our own John Williams as he shares with us... “Why Southern Utah”.

Merry Christmas and Happy Holidays!  
Andy Frumento

## Pyramid Lake Outing March 16th,17th, and 18th 2015

In what has become an annual event, this year's Pyramid Lake outing will be Monday, Tuesday and Wednesday, March 16th, 17th, and 18th. In an attempt to miss the bulk of the weekend crowd which usually clears out by Sunday afternoon, we again will fish during the week. Those of you who went last year know this worked out well for the most part. If fishing is off the charts all bets are off as the number of people will triple during a hot bite!

If you have never done this trip before you are missing out on a chance to catch what may be the biggest trout of you life. The lake's native Lahontan Cutthroats *average* 3-5 pounds, with many fish pushing 10 pounds or more. **In the past a fish 10 pounds or bigger was considered a trophy. Now thanks to the introduction of the longer living Pilot Peak strain that is much longer living fish over 20 pounds are being caught!** If you are new to fly fishing the techniques are simple and easy to learn. We normally fish from ladders placed in the water at the proper distance from shore. There usually is nothing around you, but water. There is nothing to interfere with a back cast and nothing on the bottom to snag. You do not need to be a long distance caster as fish are sometimes hooked right at you feet.

Equipment that is appropriate for both kinds of fishing is usually two rods. **A 6-7 weight rod with floating line for indicator fishing and a 8-9 weight rod for streamer fishing** (a Rio DC 24ft. 250 gr. line is perfect). I will provide a more extensive list of what to bring that includes equipment, lines, flies, leaders, tippet and clothing in an upcoming e-mail.

Daytime temperature will likely be around 50 degrees F. This is a very variable temperature as we have experienced 30-75 degree temperatures in past years

You make your own travel arrangements to Reno, fly or drive. It is best to arrive by Sunday as we start fishing EARLY on Monday. Please let me know that you have arrived safely, Jim Wright (714-679-6638). I will be staying at the Silver Legacy Resort in downtown Reno. Others have stayed the Atlantis Casino (800-723-6500). Rob will be providing breakfast and lunch on Monday and Tuesday breakfast on Wednesday, as well as step ladders to fish from. Cost of the trip is \$225 per person for 3 days of fishing. I will e-mail a list of all attendees so you can communicate as to carpools, car rentals and lodging.

E-mail me ([jrwright1@earthlink.net](mailto:jrwright1@earthlink.net)) with any questions or to sign up. I will also have a sign-up sheet at the Meetings in December, January, and February.

# Fishing Southern Utah

## June 15-19 & September 21-25, 2015

June is dry fly time, September spawning colors time

**You've heard me talk about Southern Utah. Here's your chance!  
5 days of guided fishing at a quite reasonable rate with a wonderful guide!**

**Stream Keeper:** John Williams 951-236-0862

**Head Guide:** Mike James, Quiet Fly Fisher, 200 N. Main St., PO Box 533, Loa, Utah, 84747, 435-616-2319

**Cost:** \$900 to the guide plus tip, lodging and food. Contact John to make your reservations, a **\$200 Non-Refundable Deposit** is required to hold your spot, make checks payable to Mike James and send to John Williams 19859 E. Calle Cadiz, Walnut, CA 91789

**Tipping is considered normal on this trip.**

**Our maximum group size is six per session.**

**Lodging:** We will be staying at the Mill Cabins; they have comfortable, cozy cabins and good rates. A cabin with two beds costs \$50.00 per night. These cozy cabins are simple - just a bedroom, bathroom and a few extras. Make your reservation by calling Bruce Chappell (owner) at 435) 836-2426.

**Meals:** We will be eating breakfast on the way to the fly shop each morning and going to one of the local cafes for dinner. You'll need extra cash or credit card for this.

**(Continued on the next page.)**

## Fly Fishing Southern Utah (Continued)

The drive to Loa, Utah area is approx. 9.5 hours you should arrive at least a day before we start fishing to acclimate to 7,000' altitude. I have cell reception in the area with AT&T, if on the mountain fishing I'll call you back when I get in reception. We are staying at 7,000' elevation and probably fishing from 7,500'-11,000' elevation. I would recommend getting a good rest the day before we get fishing with Mike James and his crew. Drink plenty of water to stay hydrated, the guide will have drinks available, don't be bashful, ask for them if you are thirsty. If hiking take the bottled water with you and or a water filtration bottle.

Have your rain gear and a couple of layers to keep you warm if the weather should change and get bad. I have been on Boulder Mountain with the weather beautiful and two hours later rain or hail. A word of warning, don't carry everything you own, pack light and smart, if you have questions please call me.

### Gear:

- Waders and wading boots
  - A nine foot five or six weight rod will do fine with floating line (a second rod is optional for tight waters) 7 foot long approx., I carry an 11'-5wt. Switch rod as well, Optional.
  - Tippet sizes 3-5x, Leaders 9'-5x & 7'-5x
  - Have some split shot along to get your flies down if needed and a few strike indicators.
  - Rain Coat, cold weather coat & gloves
  - Packet of Kleenex if needed as toilet paper
  - Camera, Flashlight
  - Long sleeved shirt
  - Sun block, Chap stick
  - Sunglasses, reading glasses
  - Utah Fishing license can be purchased on line before the trip or at the market in Loa.
  - A day pack can be helpful to carry extra clothing, water, flies, and extra clothing.
  - Flies: Parachute Adams #16 & 18, Willie's Callibaetis Nymph #14, Elk Hair Caddis #16-18, Hoppers #6-10, Damsel fly adult #10, Damsel Fly Nymph #12-14, Red Copper John#14-18, Printz nymph #14, Black & Red Zebra Midges #16-20, M&M caddis #16-18, Black beetle #16, Black and Golden Stonefly nymph #8-10, #6-10 Cone head Streamers in Olive , Black & Brown, #14-16 Black and Red Zebra Midge.
  - These are suggestions; your guide will have flies at no charge while fishing.
- Your guide will tell you what to bring for the day's activities so have it in your vehicle at the fly shop in the mornings you fish.

## Hot Creek Ranch July 10-13, 2015

Stream keeper: John Williams 951-236-0862 call if you have questions.

**I take reservations at the January club meeting, you must be a club member to attend with a signed insurance form on file.**

Hot Creek is a classic spring creek, Cold water seeps from eleven different fissure springs that make up the stream. Wild rainbow's and brown's are the main attraction that has drawn celebrities, statesmen and a group fly fisherman who love to fish the dry fly to trout with PhD's. Bring your best casting and a variety of small caddis, mayflies, and midges. Leave the stand over the fish method at home, they will teach you something if you listen and watch them. As Jim Edwards will show you, lying on your belly can be most effective at getting a close look at them and possibly catching a nice one. There are 9 fully outfitted cabins with refrigerator, microwave, utensils, stove/oven, and dishes. We try to put two to a cabin but with the popularity of this outing we occasionally put three to a cabin.

- Hot Creek is a private ranch and we are paying guests, please abide by all the ranch rules or you will be asked to leave.
- Check in time is 4:00 p.m. on July 10, 2015 and not before!
- Check out time is 12 noon on July 13, 2015 you must be out of the cabin by noon but you may fish the ranch the rest of the day if you so choose. It is customary to leave a \$5 tip per person staying in the cabin for the cleaning staff.
- Dry fly fishing only, Catch and Release using barbless flies, No Wading.
- California fishing license required and the DFG checks occasionally.
- The ranch has 9 housekeeping cabins with complete kitchens that contain microwave, stove/oven, pots and pans, silverware, dishes, and BBQ grill outside. Bring your own food Friday night, Saturday breakfast and lunch, Sunday all meals, Monday breakfast and lunch.
- We will have a BBQ steak dinner on Saturday evening at 4:59 p.m. this will give us time for dinner and still time to catch the evening hatch or grab a cigar and a scotch on the porch. Everyone is in-

## Hot Creek Ranch (Continued)

vited who is staying on the ranch and Kevin and his wife Lisa “the ranch managers” are our guests for dinner. **Please be on time, we will not wait for you!** Please bring your own silverware, plate, knife, fork, beverage of choice from your own cabin and remember to return it where it belongs after dinner.

- Hot Creek Ranch website is [www.hotcreekranch.com](http://www.hotcreekranch.com) there is helpful information on the site.
- Productive flies on the ranch are: M&M caddis #16-18 tan, #10-14 hoppers, Parachute Adams #16-20, Brooks sprout midge #18-24, Black beetle #16, Red & black ant #18, Griffith gnat #20-22, CDC caddis #18, PMD #18-22, #16 Hot Creek Hot Butt. There is a fly shop on the ranch that is well equipped with flies, shirts terminal tackle, floatant.
- Equipment: 4-6 weight rods, afternoons tend to be windy, 9-15’ leader with 6x tippet works well.
- This is a demanding fishery that requires drag free drifts on a stream with many seams in the current. A helpful suggestion, practice you’re casting and mending on moving water prior to this outing. There are many nice fish and I want you to catch your share.
- If you should have any question about this outing or any fly fishing related item please feel free to call me, John Williams at 951-236-0862 my cell phone.
- While at the ranch, please ask if you are having trouble catching fish, I or someone experienced will help you.
- **Thank you for your compliance with all the ranch rules**

## Lee’s Ferry Outing - November 2015

Mark your calendars now as I will be taking signups for our Lee’s Ferry Outing scheduled for Monday November 9, 2015 through Friday November 13, 2015. We will have three days of fishing on the Colorado River with guides. Rooms are double occupancy except for one lodge that has two bedrooms and full kitchen. You can either float on a drift boat all day or do some wading. This trip is limited to 16 people and you will be sharing your room with another club member. Pricing is approximately \$45 per person per room + tax and \$225 for the guide. That is with two people per guide. This does not include meals or travel. Looking forward to a fun trip.

## Conservation

## We are back!

As many of you know, I have been trying to revive our Trout in the Classroom Program for the last couple of years. We along with Southwest Council Federation of Fly Fishers have been working closely with the California Department of Fish and Wildlife to resolve the problem with obtaining eggs in a timely manner for our classes.

If you know of a school or teacher that would be interested in participating in this program, please send them my contact info. There is a Teacher Workshop scheduled on Saturday December 6<sup>th</sup> for this program. For additional information on this workshop please click or copy and paste this link. <https://www.wildlife.ca.gov/CAEP/R5> The next delivery of eggs is scheduled for January 18, 2015.

Currently, we have one class room going at Edison High School in Huntington Beach. They are scheduled to release their fry on Thursday 12/18 in Big Bear Lake. I am looking for volunteers, who would be interested in accompanying me to demonstrate and teach basic fly fishing, conservation and possibly fly tying. If you are interested please let me know.

## Fly Tying

### Fly Tying Classes - Spring 2015

As our Fall FFCOC fly tying classes come to a close, I would like to give my personal **THANK YOU's** to our two intermediate/advanced fly tying instructors, Richard Fanning and Lyman Kennedy. Without dedicated and talented people like these instructors, our bi-annual fly tying classes wouldn't be as successful as they are. We have a core group of students that take our classes almost every time we offer them. This fact is a testament to how good these instructors are. Another thank you goes out to Mike Neesley, Jim Edwards and David Boyer. These gentlemen filled in when our full time instructors had a need to go fishing.

#### **Spring 2015 fly tying dates, on Monday nights, at REI, Tustin:**

March 16, 2015

March 23, 2015

March 30, 2015

April 6, 2015

April 13, 2015

April 20, 2015.

These classes offer you an opportunity to learn how to tie artificial flies or elevate your fly tying skills. The FFCOC would like to thank Lyndie Bradshaw of REI for all of her help in finding dates that are mutually agreeable for all of us. The use of the REI/Tustin store allows us to hold up to four different fly tying groups which means that we can accommodate all fly tying skill levels. This year we had a great time and shared many wonderful and highly successful fly patterns. We also re-lived many great fishing experiences. Our fly tying students just might want to show off their tying skill and give some flies as a holiday present to their fishing buddies.

Until next year, have a wonderful holiday season and a very safe and Happy New Year

Cheryl Moore, FFCOC Fly Tying Coordinator

## Membership

2015 Membership Cost Increase to \$45:

FFCOC annual membership fees will be increasing to \$45 effective the 2015 membership drive. Please note, our membership fees have not been increased since the mid 80's and this increase will ensure that the club will continue to provide exceptional speakers, classes, club outings and events.

Hey Club Members it's time to renew your membership for the 2015 club year. So to encourage you to renew early I have an incentive for you. This year's membership raffle drive will offer three different opportunities to enter the membership drive. This is how it will work.

If you renew at the October meeting you will receive **five** raffle tickets (*which I understand there were a few of you that I owe five tickets*).

If you renew your membership at the November meeting you will receive three raffle tickets

If you renew your membership at the December meeting you will receive two raffle ticket.

Online renewal is available, so if you renew online you will receive the same opportunity for tickets by renewing online. However, you have to attend the meetings to receive your raffle tickets.

If you mail in your renewal, you will receive one ticket. Again, you must attend the meeting to collect your raffle tickets.

Winning ticket will take home a lovely handcrafted prize that will be donated from several of our artistic club members. Again, this membership drive is all about attendance so you must be at the January 2015 meeting to win a prize.
