### Next Club Meeting:

Date TBD

Phoenix Club

1340 Sanderson Anaheim, CA

6:00 pm - Wet Flies Social Hour

7:00 pm - Dinner and Program

Dinner & Program - \$35.00

Program Only - \$12:00

### Next Board Meeting:

Date TBD - 7:00 pm

Santiago Canyon College

Room 206

Club Members are Welcome

It's sad to hear about the suffering and problems facing people around the world because of the Corona Virus.

A lot of work is being done by researchers and our government to come up with solutions.

And, sources including medical and political leaders are working hard to reduce the impact on all of us.

We are becoming aware of the need for "social distancing" and other recommendations. No need for me to go on about this here as I assume all of you are monitoring the situation as I am.

FFCOC is a great club with great members. However, our membership is heavily weighted towards an older population that likely is more susceptible to the virus than the general population.

So today (March 19th), FFCOC President, Dennis Higginson, has canceled the April FFCOC Meeting. We will monitor the situation and make a decision about the May meeting at a later time.

I hope all of you are being cautious and that you, your family and friends come out of this well!

Your Fishing Friend and Newsletter Editor,  
Richard Fanning

# **President's Message**

## **April FFCOC Meeting Cancelled!**

**This is a tough time for a social/special focus group like us. We look forward to gathering each month to catch up with our friends. We toss back a few and remember past speakers and thing out loud maybe we should consider fishing their location. We might have missed something.**

**So, if we cancel the next or the next several meetings please understand the board is doing it for the good of all and probably the Government is forcing the issue.**

**The board is monitoring this situation as closely as we can to be able to make the best decisions. We will always keep you in the loop thru email.**

**We are facing the possibility of not seeing each other for the next few months and I hate the idea of that. We are a club of friends and big story tellers (Truth Stretchers). We love to gather and rehash old trips and create new ones.**

**I must take the space here to remind that if we don't do the right thing for all of us there won't be the next trip and the chance to stand up and provide a fish report at the next meeting we hold.**

**Stay safe and comfortable in your nest.**

**Denis**

## **April FFCOC Meeting Cancelled!**

## **Membership**

# **FFCOC Membership Drive and Participation Raffle 2020**

### **Rules for Membership Drive and Participation Raffle**

**You will receive a raffle ticket based on how you participate in our club's activities.**

- 1. One ticket for each General Membership Meeting you attend.**
- 2. Five tickets if you participate in an Outing**
- 3. Ten Tickets if you offer to be a New Stream-Keeper this year. (If you are already one. this does not apply to you).**
- 4. Ten Tickets if you participate in planning or volunteering at any club event. (This does not apply to BOD Members.)**
- 5. Five tickets if you participate in any classes offered by the club.**
- 6. Ten tickets if you volunteer in any SWCFFI Sanctioned event.**
- 7. Twenty tickets if you join the BOD for 2021**
- 8. Twenty tickets if you recruit any new club member.**
- 9. Ten tickets if you recruit a past club member that has not been a member for 3 years.**
- 10. Five tickets every time you greet a visitor or new member. (I will give them a note paper and pen to keep track who welcomes them. And it must be more than just HI, I am "SO and SO". Find out a little about them.**

**I think that covers just about everything you can participate in.**

**Prizes will be awarded at the December 2020 meeting.**

**Melinda Burns**

## 2020 Meeting and Speaker Calendar

<u>CLUB</u>	<u>SPEAKER</u>	<u>TOPIC</u>
<u>MEETINGS</u>		
<u>WEDNESDAYS</u>		
January 8	Pat Jaeger	"Keeping it Simple"
February 12	James Garrettson	"Reading a River and Taos Area"
March 11	Eric Kramer	"Kamchatka and Argentina - Out There!"
April 8		<b>Meeting Cancelled!</b>
May 13	Chris King	"Fishing the Pit, McCloud & Lower Sacramento"
June 10	Jimmy Cheers	"Big Browns on the South Holston"
July 8	Chris Leonard	"The Magnificent Eastern Sierra"
August 15		<b>CLUB PICNIC</b>
September 9		<b>ANNUAL FUND RAISING AUCTION</b>
October 14	Maury Hatch	"Fishing the California Delta"
November 11	Gary Bulla	"Fishing the Amazon"
December 9	John Williams	"Adventure North"

**NOTES: Club Meetings are held at the Phoenix Club in Anaheim. In the Pavillion except for the Auction in September which is held in the Ballroom unless otherwise notified. Board Meetings are held at Santiago Canyon College, Room 206.**

## 2020 Outings and Events

<u>DATE</u>	<u>DESTINATION</u>	<u>STREAMKEEPER</u>	<u>PHONE</u>

Oct 16-18	President's Outing, Kernville, CA	Dennis Higginson	714 544-9908
Nov 10-12	Pyramid Lake, Nevada	Jim Wright	714 679-6638

**Note: Dates may change and outings may be removed or added. Contact the streamkeeper for the latest information.**

# **Trip Postponed due to Corona Virus**

## **New Date TBD**

### **San Juan River, NM Outing**

**March 31 to April 3, 2020**

Spring is just around the corner and we are planning another fantastic outing to the San Juan River in New Mexico. The clear river waters of the San Juan are the jewel of Northwest New Mexico just a short 14 hour's drive from Southern California. The river is fed from the deep waters of Navajo Lake which provide nearly constant temperature and abundant food supplies. This means many large brown and rainbow trout with substantial fight.

Many of the club members have stayed at the Fisheads San Juan River Lodge [ (505) 634-0463, <http://www.fisheadsofthesanjuan.com/> ], and the Abe's Motel just across the street [ (505) 632-2194, <http://sanjuanriver.com/> ]. Both have very reasonable rates and can arrange guides. There are other accommodations as well. If making reservations at Fisheads, please let them know you are part of the FFCOC group. Contact Brian Mayer for full details.

This year, we are fishing on weekdays when all the kids should be in school and we won't have to compete with the local weekend fishers. Plan to arrive by Tuesday, March 31. The general plan is to fish Wednesday, Thursday and Friday, April 1 to 3. These are the days that you should consider arranging guides. I strongly recommend you get a guide for at least two days to thoroughly enjoy all the fishing the San Juan Quality Water has to offer. Check both Fisheads and Abe's websites for details.

For those non-fishing travelers, there are several historic and interesting areas nearby to explore. The City of Aztec offers some shopping for Native American products and an Anasazi settlement to explore. Durango, Colorado is a short drive away as well with many attractions.

We have generally gathered as a group for dinner each night, although there are limited choices in Navajo Dam. We usually go to the City of Aztec (short 20 minute drive) for dinner at the local Chinese restaurant and to Bloomfield (short 30 minute drive) for bar-b-que restaurant. The restaurant at Fisheads requires reservations 24 hours in advance for dinner.

For more information, please contact stream keeper Brian Mayer, (562) 619-9169 or [bdmayer@hotmail.com](mailto:bdmayer@hotmail.com)

If you plan to attend the trip, please call or send Brian Mayer an email so we have contacts for everyone.

# **Trip Postponed due to Corona Virus**

## **New Date TBD**

### **Fishing the Buckley Ponds**

**April 4-5, 2020 By Tom Niedzialek**

Did you know that in addition to having a great trout fishery, the Owens Valley also has a prolific bass fishery? Well the Owens River from Bishop south to Lone Pine has a warm water fishery that most people are not aware of. While hunting ducks along the Lower Owens River I have personally seen bass and bluegill and while drift fishing for trout I have occasionally caught bass as an incidental catch.

Just outside the Bishop City limits is an area known as the Buckley Ponds. They are a collective group of 4 or 5 ponds and are known for their bass fishing. I have been to them but never actually fished them, although I have seen conventional fisherman catch bass in them. I am planning an exploratory trip from April 3<sup>rd</sup> through the 5<sup>th</sup>, 2020 to check them out. Please plan on joining me if you are interested. In addition if you are not interested in fishing for bass, you can still fish for trout in the Owens River, so come on up and fish with the club any way!

The plan is to fish the ponds on April 4<sup>th</sup> and 5<sup>th</sup>, 2020. We will meet at the Denny's in Bishop Saturday morning at 6:30 am. to have breakfast and then travel to the ponds. For those who wish to drive straight to the ponds they are about 10 minutes out of bishop and the directions are as follows:

1. From the intersection of Main (Hwy. 395) and Line Streets in Bishop turn east on Line St. and drive approximately 2.9 miles to River Rd. (a graded dirt road located just past the cemetery on your right).
2. Turn right (south) on River Road and travel approximately 0.6 miles to a fork in River Road. Take the right hand fork for approximately 0.2 miles. Turn right (heading west) following the well-travelled dirt road. Proceed a few hundred yards to the next road junction and turn left (you should now be heading south).
3. The first of the ponds should be about 0.2 miles ahead. The rest of the ponds follow in quick succession.

(Continued on the next page.)

**4. To return to Bishop either go back the way you came or continue heading south until you come to Warm Springs Road. At Warm Springs Road turn right (east) and head back to Bishop (about 3 miles).**

**In addition if you stop at the Chamber of Commerce in Bishop (located across the street from Schats Bakery) you can request an “Eastern Sierra Warm Water Fishing” map for free and it will have directions on getting to the Buckley Ponds. Please plan on providing your own lodging and meals, as most of us know there are plenty of motels and restaurants in The Buckley ponds are about 5 to 15 acres in size each (my estimation). They are probably best suited to float tubing. Shore access is somewhat limited due to shoreline brush but is available in spots. Since I have never fished them before and since this is a bit of an exploratory trip I can’t recommend any specific flies for the bass. I will probably bring an assortment of streamers, poppers and other standard bass flies and see what happens. I will also bring an 8 and a 6 weight rod equipped with both floating and sinking lines for each. In the event the bass just flat out are not cooperating on Saturday I will also pack my standard Lower Owens trout gear for Sunday. If you are interested in attending this adventure please email at [niedzialek@sbcglobal.net](mailto:niedzialek@sbcglobal.net) so that I will know how many are attending and how many folks to look for on Saturday morning at Dennys. I am looking forward to seeing you on the water in Bishop.**

**Tom Niedzialek**

# **Fish Creek Outing**

**June 5 to June 7, 2020, Brian Mayer, Streamkeeper**

**Sign-ups are open for the trip to Fish Creek. This year, it will be the first weekend in June.**

**This is a camping outing to the Southern Sierra's Kern River Plateau area close to Kennedy Meadows. The area is in the mountains due west of Ridgecrest and about a 5 hour drive from OC. The camp ground provides cold water and out houses only, but you will need to bring plenty of drinking water. Nights can be very cold since we are at 8,000 feet in altitude. Most people will be camping in tents; however, small camping trailers and motor homes are allowed.**

**We will be fishing for small golden trout in small water creeks, so bring your small rods (3 weights and less). This is primarily dry fly fishing in sizes 18 to 24 parachute Adams, Humpys, ants and beetles. If you don't have small rods, this trip can be fished with the standard 5 weight rod. A 5 weight rod will also work for fishing the South Fork Kern River which is close by. The fish are generally very eager, so this is an excellent trip for the novice and experienced fisher-person as well. We will provide novices with advice and mentoring with an experienced fly fisher.**

**If interested, contact Brian Mayer, [bdmayer@hotmail.com](mailto:bdmayer@hotmail.com), (562-619-9169).**

## Announcements

### Our APP Is Here!

The Fly Fishers Club of Orange County's APP for your mobile device is now available! The APP is available for Apple and Android phones and tablets. The APP is only available to Club Members and there is no charge to Members. You will need your log-in credentials for the website to log into the app. Use "Fly Fishers Club of OC" to search for the APP; you will not find it under FFCOC. Doug Jones will be available at the March 11<sup>th</sup> Club Meeting to answer questions you may have about the APP so bring your phone or tablet to the meeting.

Here are a few highlights of the APP:

- All user information available on our webpage is available on the APP. Just touch the globe icon in upper menu bar and you will see the same menu items you see on the webpage (we will be changing the font to make it easier to read).
- Your member profile is available on the upper menu bar.
- You can select different channels on using the "Channels" icon on the lower menu bar. You should use "All Active Members" as your default choice. If you choose "Member Opt In" or other channels you will be limited to others who have opted in when you use certain features such as the Directory.
- You can use the "Meets" and "Chat" icons on the lower menu bar to connect with others who have opted in to the same channel you are using. We are looking into more training information on how to use these features.
- You no longer need to carry around a copy of the Club's Directory in your hip pocket when you are fishing! The Club Directory is available on the lower menu bar of the APP (if you have cellular coverage). A great feature is that once you find the number you want to call you can touch it to initiate a call.
- The "Events" icon connects you with the Club Calendar.

The APP needs a few tweaks but we are launching it now. Please get in touch with Doug Jones at [dougjones.oc@gmail.com](mailto:dougjones.oc@gmail.com) if you have any questions.

# HELP WANTED!

## **Are you...**

Looking for a new opportunity or perhaps a challenge?

Looking for a way to get to know more about our Club and meet more members?

Looking for a way to give back to the Club?

## **Then...**

Consider helping us with our website.

Our Club's website has been a tool for our Club for many years by providing information for our members, managing Club records, and most importantly, community outreach including attracting new members. Our website in conjunction with our Facebook page has been our most successful method of providing information about Club events such as the Casting Clinic, the Annual Auction, the On The River Training program, and meeting/speaker schedules to Club members as well as non-club members. Almost all new members are signing up through the website - - hardly anyone uses paper anymore.

Many years ago Mike Kosmides built our first website. After several years Melinda Burns created a new website to improve its functionality and managed it through 2017. Melinda worked hard to bring us into the computer age (we weren't always willing participants). We are grateful that she did as the website has become such a valuable tool for communications and it makes our Club more relevant. In 2017 Jim Wright assisted Melinda with the website. In 2018 the Club decided to update the website based on changes in the ClubExpress platform on which our website is based. To accomplish this we created a Website Committee including Melinda Burns, Jim Wright, Rich Fanning, Art Prangle, Tom Sakai, Dawn Martin, Vern Martin and Doug Jones as the Chair of the Committee. The entire Club helped by completing surveys and providing comments to the Committee. Although updating websites is an ongoing process, the Committee has accomplished many goals including updating the website's "look and feel" and functionality, improving content, training, maintain a calendar of Club events and getting more Club members to familiar with and using the website.

We are seeking a Club volunteer who would like to actively participate in the ongoing evolution and improvement of the website. Doug would maintain the lead for the website during 2020 with the goal that the volunteer would take over the lead role in 2021 or sooner. If you are interesting in a challenging and rewarding opportunity please get in touch with Doug at [websitemanager@FFCOC.org](mailto:websitemanager@FFCOC.org), Melinda, or any of the Committee members listed above.

**Reminder:  
The Peter Koga award is available  
for nominations this year.**

**As announced last August, we have created a special award, in honor of Peter Koga, that recognizes a club member's contribution and involvement that evokes the spirit and commitment that Peter had shown. The board has created this award, starting in 2020, to recognize outstanding efforts that a current member makes to contribute to our club's success.**

**We have posted a [Peter Koga Award-Nomination Form](#) on our website: You can find under the "About Us" Tab, under "Awards"**

**Please print the form, fill it out and give to any member of the nominating committee.**

**Nominating committee: Art Prangley, Denis Higginson, John Williams, Jimmy Edwards, Dan Iwata**

**Peter Koga Biography:**

**Peter was a true ambassador to the Club and to sports fishing. A certified Federation of Fly Fisher caster, he was an expert in both saltwater and freshwater. He was a pioneer in introducing Spey casting to Southern California and his fly tying skills and speaking engagements were well received nationwide. He performed his tying skills as an invited guest at Fly Fishing Shows throughout the Pacific Southwest, Colorado and New Jersey.**

**Peter served the Club as a Board Member at Large in the 80's and as its President in 1993. Through Peter's leadership, he was instrumental in the development and implementation of the Club's current 501c(3) Non Profit status. He helped implement the Club's Trout in the Classroom Program which has reached thousands of students as part of the County of Orange Outdoor Education Curriculum. Peter was a key member of the committee that worked with Bill Blackstone to create and fund The Bill Blackstone Foundation and was instrumental in developing the relationship with Humboldt State to create a scholarship opportunity for future students. Many will also remember Peter's involvement and attendance at various outings and activities for the club.**

**(Continued on the next page.)**

## **The Peter Koga Award:**

**This award will be given to an individual that demonstrates a level of commitment and contribution to our club, reminiscent of Peter, maybe over years and in different ways.**

**Criteria for selection include:**

- A record of leading activity in multiple club projects**
- Notable supporter and advocate of the club and the sport of fly fishing**
- Demonstrated willingness to aid and get involved when needed**
- Current club member**

**Nominations will be made by a current member, with 2 additional sponsors, to the award committee. The committee will accept nominations until **November 1<sup>st</sup> of 2020.****

**The award will be presented at the January club meeting and will include a Certificate and a Fly Fishing Reel engraved with “**FFCOC Peter Koga Award**”.**

**Our club recognizes multi-year outstanding contribution through our Lifetime Membership and the Lifetime Membership Award is our highest recognition. The Peter Koga award is an additional award meant to recognize individuals that make a difference in many ways, maybe over years, but with a level of enthusiasm and participation that is broadly recognized in supporting and advancing our club.**

# CONTINUING EDUCATION Fishing Opportunities and Skills Development

—

One of our club's principle missions is to encourage people to go out and fly fish. A big part of that is to have the programs and opportunities to build skills across our membership, especially to those just getting started.

Joe Libeu, life member of our club and a Federation of Fly Fishers Master Casting Instructor and all around tireless ambassador for fly fishing, made a suggestion at our recent Board of Director's Meeting. His proposal was to create more of a structure around mentor outings, skills workshops, casting, fishing different types of waters, and such. It's still in the formative stages but the idea won over the Board pretty quickly.

Places like the Owens River, San Joaquin, stillwaters and spring creeks were ideas for possible outings. What would make these outings different than our normal club outings is that we would limit the number of participants seeking mentoring (first come, first serve on-line registration) and have mentors join for the first half day and then the mentors would go out and fish on their own.

For skills building, we are thinking of creating more opportunities for casting workshops including sessions on intermediate, double-haul, fishing casts and sinking lines casting.

Mentors and instructors will be a critical component of the program's success. We have a list of club instructors for our Casting In The Park sessions and would welcome others to join, but we will also need outing mentors. Let me know if you would like to be a part of the mentor corps ([artp@sbcglobal.net](mailto:artp@sbcglobal.net)).

More information to follow and your feedback will help flush this out details of the Continuing Education Program over the coming months. Please let us know what you think.

We are going to announce our first mentor offering in a separate email for a March 20-22 trip to the Lower Owens. Stay tuned. Registration is not open yet but details will follow shortly.

Best regards,

Art Prangley

## Auction Corner

**It's never too early to start talking Auction. Our biggest fundraiser of the year, the Club Auction, is scheduled for Wednesday, September 9. Please mark your calendars accordingly!**

**We're sure that Santa Claus was very kind to our membership this year. What to do with your old equipment? Why, donate it to the Auction, of course!**

**Spring is right around the corner; and time for some Spring cleaning We all have stuff in the back of our closets that we no longer use. Give your unused gear a new life with a donation to the Auction!**

**Are there items you'd like to see offered at the Auction this year? A favorite lodge, guide service, equipment manufacturer, winery, or distillery perhaps (just getting your thought process engaged)! Let us know what you'd like to see!! Your Auction team will put your requests into motion.**

**A team of wise Auctioneers are reviewing our Auction solicitation list in preparation for the formal letters to go out to our sponsors in support of this year's Auction. As a reminder, our 2019 Sponsors are listed on our Club website; please support them as they have supported this Club. Without our sponsor's generous contributions, our Club financial goals cannot be realized.**

**Once again we thank you for your input and participation in the 2020 Club Auction; a gift of used gear, suggested sponsors for 2020, and \$\$\$ spent on Auction night!**

**Please contact our Auction Coordinator for 2020, Terry Roznos, [taroznos@verizon.net](mailto:taroznos@verizon.net), (562) 322-4790 (cell).**

# Flies That Keep On Giving

By John Williams

Marabou, a magic fiber, it undulates suggesting gills, legs, shuck. Barry Ord Clarke on U-tube inspired this fly but I needed to make my twist to simplify it a bit. I realize it is fragile and may only land one fish with it but after you figure you have spent a few thousand dollars to find them it is worth it.

## Mayfly Emerger

**Hook:** Firehole 315 Competition Size 12-16 Barbless, your choice.

**Thread:** 10/0 Black Veevus

**Shuck, Body:** Olive Marabou, color dependent on what mayfly you're tying

**Glue:** Super Glue Gel Formula

**Legs:** Gadwall or Wood Duck Fibers

**Emerging Wing:** 2mm Closed Cell Foam White cut 2mm wide

**Pre Preparations:** remove approximately ten or twelve marabou fibers from a stem and align the tips. Place a ever so small dab of super glue a hook shanks length from the tips and twist the fibers to coat the fiber only at this small area of the marabou and set aside to dry. Make several of this shuck & body section in advance.

Place you hook in your vice and place a slight smear of super glue on the shank slightly into the bend and start your thread at this point. Select a body section and tie it in at the thread tie in point letting the shuck and body extend twice the hook shank to the rear and secure with a couple wraps of thread a slight amount of super glue will remain on the tie in point if you haven't waited too long. Advance your thread slightly. Make three to four warps of the body fibers at this point and secure with a couple of thread wraps. Tie in the foam and let stand at this point.

(Continued on the next page)

Place the leg fibers to either side of the foam tie in point; adjust by pulling on the butts. Advance your thread forward to a n eyes length behind the eye. Tie in a few marabou fibers by the tips in front of the foam tie in point and make several forward to the thread and tie off and cut the remainders close. Fold the foam forward trying not to compress the foam over the thorax; this is the buoyant section of the fly. Secure with sever wraps of thread. Smear 1/8” of your thread with super glue and make a few wraps of thread at the head and whip finish. Cut your thread free and admire your creation. Place a smear of floatant only on the foam when fishing this fly. This low riding fly should land many fish; I excited to give t a try.

Tight Lines All,

Johnger

## FFCOC Leadership

### Mission:

Encourage Angling with Artificial Flies (Fly Fishing)

Encourage Education and Fisheries Conservation, including Habitat and Watershed Conservation

Disseminate to the public the Results of the Club's Efforts

Encourage Youth to Follow Sound Conservation Practices

To **ACHIEVE** this the Club conducts various meetings, events and outings as documented in this newsletter.

**MEMBERSHIP** is open to all. If interested, contact one of the board members or come to one of the club meetings.

### Board of Directors and Activity Leaders:

**President**  
Denis Higginson

**1st Vice President**

**2nd Vice President**  
Terry Roznos

**Past President**  
Art Prangley

**Treasurer**
